

Ayla

Hi, I'm Ayla! I was rescued from the Davie County Shelter at nine months of age. My single puppy was adopted by the Davie County Humane Society and, with the help of the Davie County Shelter, I was adopted by Godbey Creek Canine Rescue. My foster Mom says I'm beautiful but, while my photos don't show it, I am very petite weighing in at around 42 lbs. However, I'm gaining weight by the day. I was very frightened at first but have begun to blossom and love playing and frolicking with my canine siblings every day. I'm humble and gentle but alert. I sleep indoors now and am crate and house trained. Also, I've been spayed, have had all vaccinations, am heart worm negative and am on heartworm and flea preventative. Godbey Creek and my foster mom do a pretty good job, eh? I'm also micro-chipped in case I get lost! Wow, how my life has changed!

I am great on the leash, play with a pack of ten dogs, love my playmates and am good with children. I cannot wait to find my new forever family.....I'll be the best companion ever! Call for an appointment to visit me at Godbey
