Sandy
Sally
Teddy

Teddy, Sally, Sandy

Greetings from Davie County!

- We are three of Sophia's puppies who went to wonderful homes with one big extended family! Here we are a few weeks ago posing for our first baby photos as part of our new family.....that's Teddy on the bottom step, Sally in the middle and me, Sandy, on the top step.
- Sally and I are actually here on the farm all the time and our days are filled with chasing leaves, romping through the streams and playing with sticks. What a blast! We crash fast though because there is so much to do and we have to get a nap in occasionally to recharge our batteries. Teddy lives a little further away but comes pretty often to visit and he loves to play with us. He has his own separate home and is an "only dog". Life is great with our new parents on this beautiful farm in Davie County! We are loving it!
